

DIRECTIONS

1. Cut out the entire square along the dotted line.
2. Follow the folding instructions. Start with the picture side face down. Use index finger and thumb to "pop out" the fortune teller and move it open and closed.
3. Take the fortune teller outside and use it help guide your adventures. The numbers tell you how many times to open and close the fortune teller in opposite directions.
4. After 3 rounds, open the tab you land on and try the activity you uncover!
5. Have fun!
